Here's the contact info for the International Paper lady,

She called me today and asked for a 'technical only' meeting on San Jacinto Pits ...I said I'd ask you to set it up [maybe 10:00 on Wednesday if the San Jacinto team is available]. I also told her that we didn't extend the NRRB discussion because of their RPM's petition but because of internal reasons...

Hi Carl,

I just left you a detailed voice mail. My name is Catherine Karen and I am writing on behalf of International Paper. First, we would like to thank you for your assistance and willingness to grant the extension on the NRRB hearing that was recently requested and granted. We very much appreciated that and look forward to continuing our work with you and your staff.

As a follow-up to that, and in the spirit of being proactive, I am writing to request a meeting with you to discuss the San Jacinto Waste Pitts site and inform you of IP's efforts to that effect.

At this time, if you are willing and available, we wondered if you might be able to meet with the technical team working on this issue during the week of April 14- specifically on April 16<sup>th</sup> or if possible, during the morning of April 18. We realize that is a holiday week but are anxious to visit with you. If these days are not options, we would be willing to travel back at another time.

Thank you in advance for your consideration.

Catherine Karen
